GET ACTIVE!

Getting involved in Student Activities can be the difference between merely attending ISU and being a vital part of the University. Some of the advantages of involvement in extracurricular activities are learning more about your field of study, establishing new friendships, and just having a good time. Make the most of your life at Illinois State—get involved.

Student organizations and activities at ISU are as varied as they are plentiful. Many areas of interest are represented, including political, social, recreation, and leisure clubs as well as honorary societies.

Most of the student activities and organizations that are a part of the University are included in this listing. If you see anything that interests you, or if you are interested in starting your own organization contact the Office of Student Life and Programs, 146 Braden Auditorium, at 438-2151.

Under the Stars

"There are few earthly things more beautiful than a University. It is a place where those who hate ignorance may strive to know, where those who perceive truth may strive to make others see; where seekers and learners alike, banded together in the search of knowledge, will honor thought in all its finer ways, will welcome thinkers in distress or in exile, will uphold ever the dignity of thought and learning and will exact standards in these things. They give to the young in their impressionable years the bond of a lofty purpose shared, of a great corporate life whose links will not be loosed until they die. They give young people that close companionship for which youth longs, and that chance of the endless discussion of the themes which are endless, without which youth would seem a waste of time."
